

DUNE PALMS

BRIDGE IMPROVEMENT PROJECT

CONSTRUCTION ALERT: **March 10, 2023**

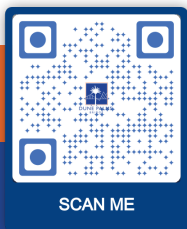

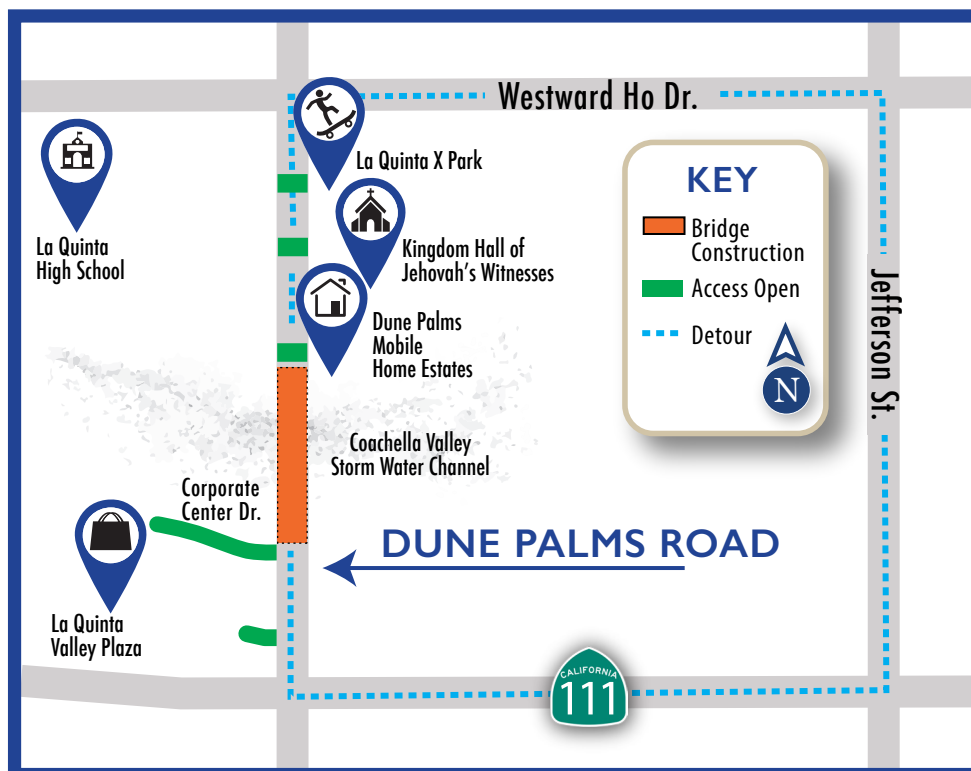

Dune Palms Road closure extended through Monday, March 27

The Dune Palms Bridge project contractor has determined they need to extend the Dune Palms Road closure for an additional two weeks, until Monday, March 27, at 7 a.m.

The extended closure is necessary because of unforeseen field conditions that became apparent when construction started on the sewer line replacement. The work is in direct conflict with the existing sewer line and was stopped until a solution was reached. Crews will resume sewer line replacement work on Monday, March 13, and will continue through Monday, March 27.

Crews are also working to construct a safe pedestrian/cyclist path on Dune Palms Road, and the outreach team will provide notification when it is safe to make it available to the public.

Thank you for your continued patience during this road closure that is allowing work to progress with public safety as the top priority.
