

# DUNE PALMS

## BRIDGE IMPROVEMENT PROJECT

### CONSTRUCTION ALERT: December 4, 2023

 **PROJECT MILESTONE:** Crews placed concrete for the northbound/eastern bridge span interior on November 21, 2023.

#### CONSTRUCTION UPDATE

The interior concrete placement has cured and crews are removing the wooden forms.

Bridge work, including installing rebar and constructing the wood falsework, continues in preparation for concrete placement on the deck in late December.

Crews will begin to relocate a Coachella Valley Water District (CVWD) waterline that conflicts with construction of the southbound/western bridge span.

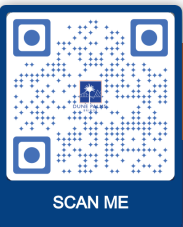

Crews placed 840 yards of concrete on the northbound/western bridge interior.
