

# DUNE PALMS

## BRIDGE IMPROVEMENT PROJECT

### CONSTRUCTION UPDATE: **June 27, 2024**

#### PROJECT MILESTONE

**Concrete placement completed on the southbound bridge interior on Wednesday, June 26.**

The Dune Palms Bridge Improvement Project reached another milestone on June 26, 2024, when crews placed approximately 820 cubic yards of concrete on the southbound bridge interior stem and soffit.

#### PROJECT UPDATE

##### Southbound Bridge

After the concrete cures on the bridge interior, work will continue the southbound bridge. Carpenters will construct the temporary, wooden bridge deck form, and iron workers will place re-bar on the deck form in preparation for the deck concrete placement.

##### Northbound Bridge

The bridge remains open to traffic in both directions while the southbound bridge is under construction. Crews will be installing bridge lighting when it becomes available later this summer.

Crews placing concrete on the southbound/western bridge span interior.
